Yesterday morning opened mild in temperature, but cloudy and at an early hour rain began to fall, and between 10 a. m. and noon one of the heaviest rains experienced here for years fell. **Visitors' Day in the Schools.**  
Yesterday being the last day of the public schools before the first of April vacation was set aside as Visitors' Day. These occasions are always very enjoyable to teachers, pupils and visitors alike.

## A NEW CHARTER

Still Seems a Matter of the Very Remote Future.

## THE SUB-COMMITTEE MEETING

Last Night was not Productive of Any Definite Results—A Few Ideas Talked Over Informally by the Four Members who Were Present—No Attorney Yet Chosen to Assist the Committee, as Each Member Seems to Have a Candidate—No Suggestions for Amendments.

The sub-committee of the special committee of council, the chamber of commerce, the builders' exchange, trades assembly and citizens, appointed to prepare a new charter for the city, was called to meet last night. Mr. J. A. Miller was called to the chair, the other members present being Messrs. Hamilton, Lutz and Robertson. The meeting did not result in any final action, but there was considerable interesting discussion. Nobody had accepted the invitation to submit suggestions in writing of desirable amendments in the charter. The meeting was intended primarily to select an attorney, but none was selected, for the reason that each of the four members on hand had a different candidate for the place.

There was some talk as to which city offices should be filled by election by the people and which by appointment, as to what sort of a board of control there ought to be, as to the proper powers of the mayor, and as to the possibilities of a "Larger Wheeling." The idea of including Fulton and the section out Caldwell's run in the city limits seemed to meet with favor. The committee finally adjourned without having done anything.

## A ROUSING MEETING

Of the Ohio County Republican Club Held Last Evening.

The Ohio County Republican club met last evening in its club room in the Odd Fellows' hall and held by far the most interesting meeting since its reorganization. The B. B. Dovener club, of the Eighth ward, came up in a body in response to an invitation of President Bentley Jones, and there was no doubt as to who they were and what they were. The enthusiasm, both in its march up town and in the hall, showed that the Republicans of the Eighth ward are thoroughly awake.  
Speeches were made by Mr. Blon, A. J. Schultz, Joseph H. Freese, Alex. Benbent and W. C. Meyer, all members of the club. J. D. Elson and Thomas O'Brien also addressed the club.  
The Eighth ward people were well pleased and promised to attend again in a body. Next Thursday night the club will have a mock trial, to which the public is invited.
